ABOUT ME

I am Pasindu Jayasinghe, a 22-year-old Computer Science undergraduate at IIT with a strong enthusiasm for software development and full-stack development. I have a solid foundation in software development, data structures, and algorithms, and I am passionate about using technology to solve real-world problems through innovative solutions. I am currently seeking an internship opportunity to apply my theoretical knowledge in a practical environment, contribute to meaningful projects, and further develop my professional skills in a dynamic industry setting.

TECHNICAL SKILL

- **Language:** Java, Python, JavaScript, SQL, PHP
- **Frontend:** React.js, Tailwind CSS, Vite.
- **Backend:** Node.js, Express.js, RESTful APIs, Java SpringBoot
- **Database:** PostgreSQL, MySQL, MongoDB
- **DevOps & Cloud:** Docker, AWS (EC2), GitHub Actions (CI/CD)
- **Tools & Platforms:** VS Code, Figma, Jira, Vercel, Railway

EDUCATION

BSc (Hons) Computer Science

2025 - present

University of Westminster (United Kingdom)

Delivered at Informatics Institute of Technology (IIT)

National Diploma in Civil Engineering Technology

2025 - present

University of Moratuwa

G.C.E. Advanced Level

St. Aloysius College, Galle (Physical Science Stream)

EXTRACURRICULAR ACTIVITIES

University Chess team-IIT

2024 - 2025

- Participated in campus Sport Meet.
- Improved communication and leadership through teamwork.

Member of IEEE CS -IIT

2025 - present

Badminton player of St. Aloysius College Team

2015 - 2018

Cricket Captain of St. Aloysius College Under 15 team

2016 - 2018

PROJECTS

TheatreX.LK

React, Node.js, Express, PostgreSQL , Jest, JSON Web Tokens (JWT)

- **Hospital Theatre scheduling System(SDGP Project).**Designed and implemented the comprehensive Surgery Management Module, engineering dynamic frontend forms and backend RESTful APIs to handle complex scheduling and operational flows.
- Engineered comprehensive Patient management APIs (CRUD operations) alongside detailed Unit/Integration Testing suites using Jest and Supertest, ensuring high reliability of mission-critical data.
- Bridged frontend and backend operations by rigorously testing API endpoints using Postman, structuring system architecture, and drafting detailed documentation encompassing staging environments and module-specific workflows.
- **Live Site:** theatrex.lk

E-Commerce Web Site

React,Node js,Express js , PostgreSQL,AWS,Vercel

- Built a full-stack luxury clothing e-commerce platform using React (Vite) on the frontend and Node.js + Express on the backend with a PostgreSQL database
- Integrated Clerk Authentication for secure user sign-up/sign-in with protected routes for checkout, user dashboard, and admin panel
- Implemented a complete Admin Dashboard for managing products, categories, and orders
Deployed the frontend on Vercel and backend on Render

AI-POWERED CAREER COMPANION

Gemini API,React,Node js,Prisma,PostgreSQL

- Resume Analysis: Upload PDF resumes for AI-powered analysis
- ATS Compatibility Score: Get a score (0-100) indicating how well your resume matches the job
- Skill Matching: Identify matching and missing skills compared to the job description
- Cover Letter Generation: AI-generated, tailored cover letters based on your resume and the job
- Resume Suggestions: Actionable recommendations to improve your resume
- GitHub Link : <https://github.com/PasinduJayasinghe2004/AI-Powered-Career-Companion>

SKILLS

- | | |
|---------------------------|-------------------|
| • Teamwork | • Time management |
| • Communication | • Problem-solving |
| • Creativity & innovation | • Adaptability |
